

COMMUNITY STORYTELLING WORKSHOP

This one day workshop will cover how to identify, create and publish compelling community-based content

Whether for social media, exhibitions or publications, you will learn how to:

- Develop a plan to capture and celebrate the diversity of stories in your community or organisation
- Interview with confidence and compassion
- Take compelling images
- Produce engaging copy
- Understand informed consent processes

This course will be a hands-on, practical workshop with a good dose of inspiration. We will focus on volunteer stories from the region with a view to producing a suite of content in time for Volunteer Week 2021. All content can be produced with a smart phone.
